

Architecture V1.0

# Private Data Cloud → Executive Dashboards Propylon

## KLISS

- LWB
- Approx 140 virtual machines (RedHat + Windows servers on VMWare) : Intranet + Internet
- Intranet: 6 HP Proliant Servers in a DR configuration, 64 GB RAM, 90 TB Disk (EMC)
- RESTian APIs to all servers, services are “mobile” and on-demand.
- GIS from ESRI

## KEEP

- 20 Virtual Machines configured like KLISS
- Tamper Evident Storage (EMC Centera)
- OAIS Compliant Design
